

Sport Managing is an application that aims to improve the training of athletes by developing pedagogical tools to give them the same chances to succeed.

Coaches can follow their athletes throughout their training and evaluate the acquisition of skills.

Sport Managing puts the athlete at the heart of his training project.

## HOW TO USE THE APPLICATION?

To use the application, the user creates his squad, organizes his training sessions and evaluates his players, with whom he shares the results. Users will be able to earn tokens by inserting different content. These tokens will be reusable and exchangeable for products and services offered by Sport Managing.

Additional token pools will be added as the platform grows. Additions to the protocol will initially be decided by the core team and as the governance of the protocol evolves into a decentralized autonomous organization (DAO), additional pools will be approved based on community votes.

## SMG TOKEN

The SMG token uses the Binance Smart Chain (BSC).

SMG is required to vote and decide on the outcome of proposals, through the platform improvement proposals. The protocol will initially be governed by the founding team, and will eventually transition to a decentralized autonomous organization (DAO).

The total supply of SMG will be 500,000,000 tokens, with the maximum supply expected to be fully distributed in early 2025. Token distribution is designed to ensure that participants who actively engage with the platform will receive their SMG tokens.

## TOKEN INFORMATION

Token name : Sport Managing

Ticker : SMG

Blockchain : Binance Smart Chain (BEP 20)

Decimals : 18

Total supply : 500 000 000

## TOKEN DISTRIBUTION

The objective of the token distribution is to ensure strong community engagement, i.e., a high and increasing usage rate.

To achieve this goal, all tokens will be fully distributed over a 48-month period.

- **THE COMMUNITY**

45% of the tokens, or 225,000,000 SMG, are dedicated to rewarding the community.

- **THE TEAM**

15% of the tokens, or 75,000,000 SMG will be distributed to the team and will be fully distributed after 48 months, with quarterly releases. The first release will be 6 months after the public listing.

- **DEVELOPMENT**

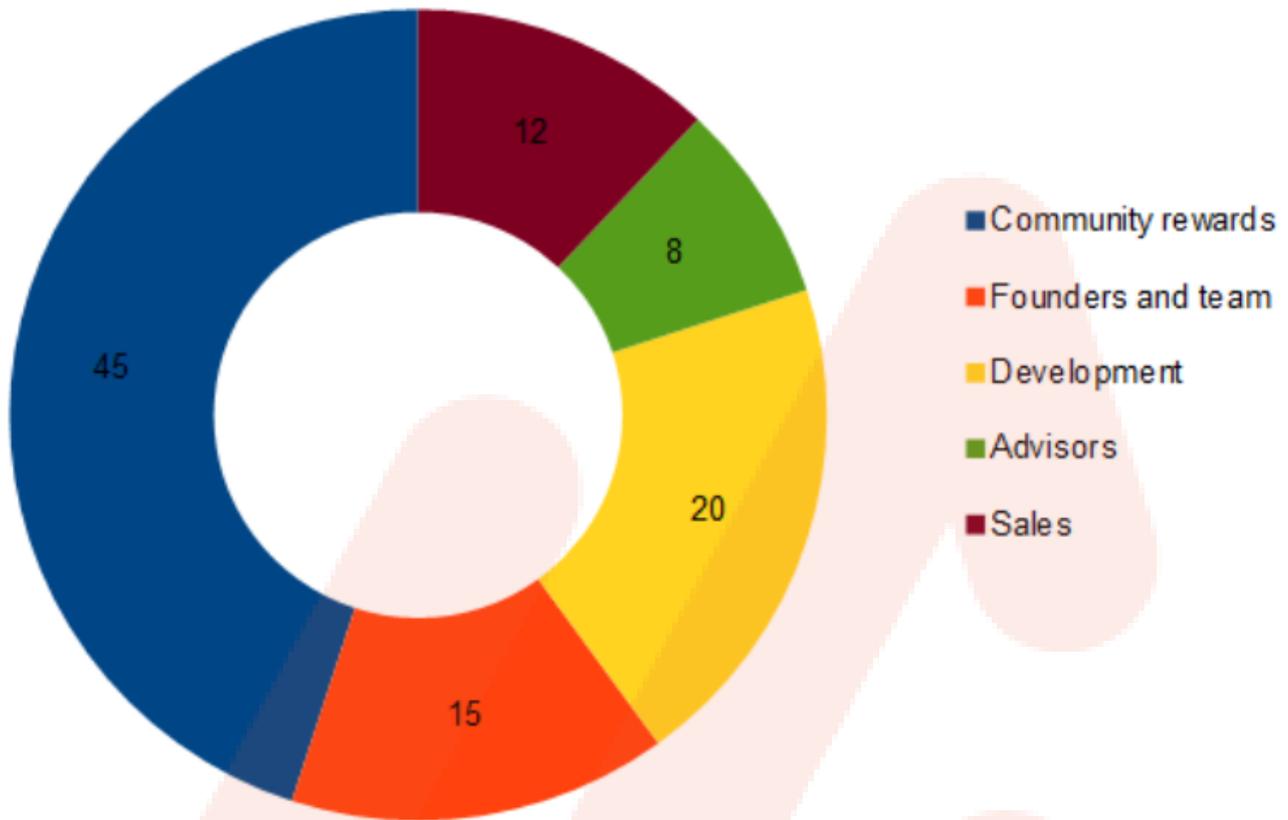

20% of the tokens, i.e. 100,000,000 SMG, will be reserved for the development of the company, which includes marketing, human resources and technical development of the application.

- **ADVISORS**

8% of the tokens i. e. 40,000,000 SMG are dedicated to Sport Managing's consultants.

- **TOKEN SALES**

12% of the tokens, i. e. 60,000,000 SMG, are reserved for supplying the exchange platforms.

## EARNING TOKENS

Sport Managing users earn tokens through their use of the platform. The more the platform is used and supported, the more the user can be entitled to tokens.

The creation of content, team, solicitation of its community, participation in reviews ... are all topics that can give rise to reward.

## EXCHANGING YOUR TOKENS

Token holders will be able to exchange their tokens for goods and services offered by Sport Managing at any time.

It will also be possible to exchange these tokens on the exchange platforms that will list the SMG token.

## GOVERNANCE

Governance will initially be centralized by the founding team. Decentralization may be considered at the time of the total liquidation of the tokens.

This decision of decentralization will have to be presented, proposed and voted beforehand in order to set up a sustainable economy.

## ROAD MAP

T2 2021

- Partnerships: setting up new partnerships
- Marketing development
- Listing on pancakeswap
- Pre-sale of the token

T3 2021

- Airdrop : contests, events...
- Deployment of a new feature
- Redesign of the website
- Listing on exchanges

T4 2021

- Expansion of the team
- Partnerships with retailers
- Implementation of the community rewards system

2022

- TBA

## TEAM

**ARNAUD MULLER**

Founder and Manager  
Sport : Football & Tennis

**RÉGIS HEITZLER**

Founder  
Sport : Football

**FATIH AKSOY**

Commercial  
Sport : Football

**AZÉNOR PHILIP**

In charge of development  
Sport : Canoeing

**PIERRE BOUTEILLER**

Developer  
Sport: Cycling

**THOMAS DIETRICH**

Developer  
Sport: Hiking
